Per un corretto utilizzo i divani devono essere completati con i cuscini di schienale oppure con i cuscinetti accessori. Le cuciture praticate di serie su questo modello sono: taglio vivo (pelle), pizzicata (tessuto) e profilo in canneté in tinta o a contrasto (velluto).

A richiesta e senza maggiorazione, viene praticata una cucitura a costina che rende i rivestimenti più abbondanti, per un aspetto e una seduta più soffice e destrutturata.

Le imbottiture in piuma conferiranno al divano un aspetto più destrutturato e vissuto, le forme dei cuscini diverranno quindi più morbide.

For a correct use, the sofas must be completed with back cushions or with accessory cushions. The standard stitching on this model is: raw cut (leather), plucked (fabric) and canneté profile in the same or contrasting color (velvet).

Upon request and without price increase, a rib stitching is practiced which makes the coverings more abundant, for a softer and more unstructured appearance and seating.

The feather padding will give the sofa a more unstructured and worn look, the shapes of the cushions will therefore become softer.
